

Curriculum Vitae

Dr. Jens Biesenbach
Chief Technical Officer (CTO)
DILAS Diodenlaser GmbH

Dr. Jens Biesenbach serves as technical director for DILAS Diodenlaser GmbH, a position he has held since January 1998. In that role, Dr. Biesenbach is responsible for the company's world-wide technological innovations and strategic architecture. This includes product development and enhancement, new manufacturing processes and strategic technical directions. He also supports the international sales team with customer visits.

Before joining DILAS, Dr. Biesenbach was in charge of a research and development group for diode lasers at the Fraunhofer Institute for Laser Technology in Aachen, Germany, from 1994-1997, where he lead the team in the field of diode laser manufacturing, packaging, precision mounting, thermal management and optical beam shaping.

Dr. Biesenbach earned a Master's degree in Engineering from Rheinisch Westfälische Technische Hochschule (RWTH) Aachen, Germany, and obtained his Ph.D. in the field of precision packaging of high-power diode laser bars.
