

## Curriculum Vitae

### **Michael Puschmann**

Director, Operations  
DILAS Diodenlaser GmbH

Michael Puschmann serves as director of operations for DILAS Diodenlaser GmbH, a position he has held since February 2004.

Prior to joining DILAS, Mr. Puschmann worked as an engineer and production section manager in a semiconductor factory for memory chips where he was responsible for photo lithography, dry etching and ion implantation equipment and processes.

Mr. Puschmann earned a Master of Science degree in Physics from Friedrich Alexander University in Erlangen, Germany, in 1990.
